

NO. YOU DON'T.

You don't need to bottle the spirit of the Shuswap to share it with friends.

We've already done it for you.

Welcome to Wine Country.

A Shuswap experience begins with a taste...

In addition to memories that last a lifetime, our region's hot days and deliciously cool nights result in a rare offering of distinctive, exceptional and award-winning wines.

Each of our six wineries offers tasting opportunities and onsite sales. Discerning adventurers and casual vacationers are invited to tour the Shuswap's wineries, and meet their owners. Contact wineries for tour times in advance.

There's a piece of the Shuswap that is as much at home here in the heart region as it is in your home. Or in the homes of others (*for those who can bear to share*). Bring back a taste of the Shuswap, and don't be shy: our extraordinary wines are comfortable and accommodating almost anywhere. Visit for yourself today, but later, pair it well with others!
