Recline Ridge

Unfamiliar to many wine enthusiasts, the wines offered by Recline Ridge are certainly not your mainstream varietals. Wines with names like Ortega, Siegerrebe, and Marechal Foch, are relatively unknown to many, but are definitely worth trying and enjoying. Recline Ridge specializes in cool-climate wines made from grapes which can be grown in the Shuswap region and, although known for their white wines, delightful reds, rose and dessert wines are worth the taste. White wines are crisp, extremely fruit-forward, and can be paired with many different foods. The reds offer many possibilities in food pairing and opportunities to enjoy. Educating customers about these wines, and suggested food-pairing has become an integral part of customer experience. In total, Recline Ridge offers 5 off-dry white wines, a dry blush, 4 reds and two desserts, as well as a sherry-style wine and canned wines. For this coming Holiday Season, and all of the wonderful meals that are planned, Recline Ridge can definitely provide the perfect wine accompaniment. What Christmas dinner would be complete without a wine to pair with the roast turkey? Recline's Shuswap Serenade is a proven favourite.
